6. Support digital inclusion with public internet access, digital literacy training, and online library services.

BCPL provides various outlets for digital literacy.

BCPL hosts computer classes monthly, including the ability to sign up for individual sessions.

During COVID, the library acquired a Hublet Tablet Station that remains available for use.

In the spring, the library began a pilot Hotspot Lending Program with funding from the Bay City Library Association. The hotspots check out for two weeks with no renewals.

BCPL subscribes to Niche Academy for making technology tutorials available on the website.
DID YOU KNOW

BCPL provides free access to Niche Academy, an online collection of video tutorials covering a variety of topics, such as technology, library resources, job and career tools, and more!
