PUBLIC NOTICE

ADDENDUM 1 TO RFQ FOR ENGINEERING AND ARCHITECTURAL SERVICES

The City of Bay City hereby issues an addendum to the previously released Request for Qualifications (RFQ) for engineering and architectural services. This Addendum 1 pertains to a necessary clarification regarding the reference requirements in the RFQ.

Changes in Addendum 1:

... In Section V, Item G of the original RFQ, the term "references of firms" is corrected to "references of clients." Respondents are requested to provide client references for whom they have provided similar professional services.

This addendum is an integral part of the RFQ and should be taken into account for your qualifications submission.

The deadline for the submission of qualifications remains Thursday, February 1, 2024, at 2:00 PM. All other terms and conditions of the original RFQ, as issued, remain in effect.

Detailed information about this addendum and the RFQ can be obtained from Gabriel Lopez, Engineering Technician, via email at glopez@cityofbaycity.org.
